**VOTE TO AWARD TO COLLINS & SONS TRUCKING FOR THE FOLLOWING REASONS:**

**There is a one cent per ton difference between low/high bid - approx \$.25 per load  
Large FEMA projects are being completed that Collins has been involved in from the start  
FEMA involvement - critical for all paperwork to be accurate & turned in on time  
Mandatory that all rock is dropped in right road/place and accuracy on dumping  
County has ability to communicate with drivers directly  
Collins has committed the same drivers to each district allowing us to train them to the way we need the projects done. Staying with Collins will allow the county to complete these FEMA projects while maintaining the quality the county has established.**
